

ROCK ISLAND RAILROAD

KANSAS CITY, Mo., Dec. 31.—The Rock Island's Golden State Limited, en route to Kansas City, was wrecked just outside of Trenton, Mo., this morning. The engine and all the coaches were overturned, two of the coaches catching fire.

The train was instantly killed but the engine escaped. There may, it is feared, be as many as twenty dead. Five bodies had been recovered at noon. The bodies of the disaster are unknown.

SPENCER TRASK DEAD IN WRECK

NEW YORK, Dec. 31.—Spencer Trask, banker and multi-millionaire, was killed today, two other persons are known to have lost their lives and four were injured when a freight train crashed into the second division of the Montreal express of the New York & Hudson at Trenton, N. Y.

All of the victims were in the last car of the train. The engine of the freight train followed this car. The last car, which was a sleeper, was crushed so that it had been an engine when the heavy freight engine struck it.

The three persons who are thought to have been killed were imprisoned in the wreckage. No sound could be heard from them after the collision and it is considered a certainty that they were killed. Their names could not be obtained. The porter of the sleeping car and three other persons crashed into the wreckage.

All of them were injured. It was with great difficulty that the body of Mr. Trask was taken from the debris. It was then conveyed to the morgue at Trenton, where a crew of men began working to remove the other bodies.

Brakeman Is Blamed.
The accident is said to have been due to the carelessness of a brakeman on the Montreal express. The train bound for New York was running in the middle of three tracks, and when it reached the upper crossing at Trenton it held near a signal light which displayed a "stop" sign.

The conductor of the train then told the brakeman to stop at any other train which might come along. It was then that the freight train, which was coming from the west, struck the Montreal express.

The brakeman is said to have gone only thirty feet behind the Montreal express with his red flag. In the rear sleeper there were eight persons, seven of them passengers and the other porter.

Mr. Trask was asleep in a berth near the rear door. For several minutes he had been ill and only recently recovered from an operation by which he lost the sight of one of his eyes. On this account he had told the porter not to disturb him until the train reached New York.

The freight train struck the Montreal express at full speed. The brakeman saw it when it was some distance off and began waving his flag. But Engineer Thibault of the freight did not see the signal and the train ran into the freight train.

The freight train struck the Montreal express at full speed. The brakeman saw it when it was some distance off and began waving his flag. But Engineer Thibault of the freight did not see the signal and the train ran into the freight train.

The freight train struck the Montreal express at full speed. The brakeman saw it when it was some distance off and began waving his flag. But Engineer Thibault of the freight did not see the signal and the train ran into the freight train.

IS DEER ISLAND A SCHOOL FOR CRIME?

Here Is the Official Charge:

"Enlightened modern ideas of assisting prisoners to become better men and women have been disregarded. Though many of the prisoners cannot read, and some cannot even speak the English language, there is no school upon the island, nor is their superabundant leisure filled in any helpful way. Though the institution is meant to be reformatory, it more nearly resembles a school for crime."—Report of the Finance Commission.

And This Is Hibbard's Only Answer:

"I have read the report of the investigation of the penal department. It is a good campaign document. Mr. Emerson, now acting as penal institutions commissioner, is investigating conditions, and later I will give to the press the full report of his findings."—Mayor Hibbard's Statement to-day.

Passengers that filled the last car of the freight train, which was overturned today by the crashing together of two cars at the north end of the island.

The wreckage of the cars was piled up, and the passengers were killed and injured. The wreckage of the cars was piled up, and the passengers were killed and injured.

It was reported that the two of the passengers had been killed at the north end of the island. The wreckage of the cars was piled up, and the passengers were killed and injured.

It was made up of a baggage car, two sleepers and the only one damaged in the wreck. Passengers in all of the other cars were seriously injured.

Retired from Business.
For more than thirty years Mr. Trask had been a prominent figure in banking circles in New York. He retired from the business several years ago and said that he had been living on his estate at Saratoga.

Mr. Trask was active in business. He was a member of the New York Stock Exchange and was a director of several companies. He was a member of the New York Stock Exchange and was a director of several companies.

ESTONIAN AMERICAN

VOL. 6—No. 282 BOSTON, FRIDAY, DECEMBER 31, 1909 ONE CENT.

WITNESS IN MURDER CASE

A new witness—a woman—has been found by detectives who have been at work on the mysterious murder of Clarence F. Glover, who has told a story of clairvoyance and hypnotism that may have had an important bearing on the tragedy.

Nathan A. Tully and Jesse L. Morton, attorneys for Hattie Le Blanc, believe that this woman's story will go a great way toward freeing the sixteen-year-old girl from the charge of murder that lies against her.

The woman, the detectives relate, is not seeking notoriety. She has made a sworn affidavit in truth of her remarkable story.

This is the substance of the story as relayed to the press. A person whose name has been withheld in connection with the case, who has been found by detectives who have been at work on the mysterious murder of Clarence F. Glover, who has told a story of clairvoyance and hypnotism that may have had an important bearing on the tragedy.

The visitor to the woman gave a name, but asked a hypothetical question. The visitor was made both before and after the tragedy. The last visit was made on the Friday following the murder of Clarence F. Glover. The visitor did not know the name of the visitor, but has since convinced herself who her caller was.

The woman, the detectives relate, is not seeking notoriety. She has made a sworn affidavit in truth of her remarkable story.

**\$75,000 GOLD
FOR "L" MEN**

Seventy-five thousand dollars in gold was distributed by the Elevated to-day among nearly 3,500 conductors and motormen whose records for the past year have been clean. The amount represents the largest sum of money ever paid by the company to its car service men in reward-

Every man who has been engaged in the car service more than six months and whose record is satisfactory has received at least \$20 in gold coin, and those whose records are particularly creditable received \$25. The distribution was made at the independent's office in each of the ten divisions.

This is the seventh annual Distribution of New Year's gifts by the company to the men who have done well in the car service. The first distribution was made in 1903, and the first distribution was made at the close of that year. For five years the first and second divisions were \$15, but last year payments were made in sums of \$15, \$20 and \$25.

A SUNDAY AMERICAN want advt. is often the road to fortune.

**TEN YEARS OF
SCALP EDITION**

SCALP ERUPTION

Tiny Pinhead Pimples Filled and Hurt Tremendously—Tried Everything in Vain—His Daughter's Scalp was Crusted—Both Found

SIMPLY SURPRISING

"It is a great pleasure for me and I consider it a duty to inform you what Cuticura has done for me. About twelve years ago, I contracted an eruption of the face and neck of small pimples, about the size of a pinhead, which filled after a few days with pus and which hurt tremendously. I tried everything, but to no avail. Finally, I washed my head with sulphur and applied a carbolic ointment. After a few days the pimples disappeared, only to come back again in a week. This I did for four or five years. I was

an advertisement in the paper of the wonderful cures by Cuticura. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Pills and after three weeks I had used only half the Soap and Ointment and my head was as clean as ever before. After the first week the itching was simply surprising how it improved.

My daughter used Cuticura Soap and Ointment for scales on the scalp and after having used them three times her head was clear and the hair became as soft and fine as silk. Since then she uses nothing but Cuticura Soap for

In consequence of my having used Cuticura Soap for shampooing, I noticed that my hands which almost always were cracked from handling undressed wood, lime and stone, became white and velvety. Formerly I used glycerine, but one night's treatment with Cuticura Soap and Ointment does more for my hands than a week's treatment with glycerine. I hope all suffering people will at least try the Cuticura Remedies. Herman Reeder, Field, Wis., November 5, 1908."

World use Cuticura Soap and Ointment
for eczemas, rashes, itchings, irritations,
inflammations, chaffings, pimples, black-
heads, dandruff, dry, thin and falling hair,
scalds, sunburn, antiseptic cleansing, and
for the toilet, bath and nursery.

Cuticura Remedies are sold throughout the world.

Double Leaf Stamps will be given with every purchase morning, until 12 o'clock noon, at Wolf's, "My Clothier," corner Hanover and Portland streets. Single stamps thereafter.

**\$41,000,000 IN
PLENTY'S HORN
FOR BOSTON**

The semi-annual distribution of interest and dividends in Boston and vicinity will aggregate \$41,000,000, the largest amount in the history of Boston. It is an increase over last year of \$1,282,849. Most of the money is payable to-morrow. The distribution shows an unparalleled prosperity of the interests in which Boston people have invested their money.

Some \$10,000,000 will be paid by the city of Boston to the State of Massachusetts. Interest payments are very heavy, amounting to nearly \$1,000,000. The payment now to be made.

The disbursement of interest on railroad bonds will amount to \$6,013,104, and on other bonds to \$1,458,840, for a total of \$7,471,944. The interest on the United States bonds is \$1,087,760. The total interest on the railroad bonds amounts to \$12,458,840. The other sources of great interest distributions and the totals are: Railroad bonds, \$6,013,104; railroad dividends, \$5,850,339; manufacturing dividends, \$18,491,850; miscellaneous companies, \$12,564,800. The interest on the railroad bonds is paid in railroad bonds. The payment of the principal on Boston, Clinton, Pittsburg and New Bedford 5's, which amounts to \$1,912,000. A half-million will be paid off on notes of the New York, New Haven & Hartford Railroad.

dividend, excepting in 1943 when it averaged 2 1/2 per cent. Boston appears to be a heavy investor in Chicago, Burlington and Quincy Railroad bonds. The interest is paid on bonds of this company to Boston and New England stockholders in amount to \$824,697. The Boston & Maine Railroad will pay \$251,810 in interest on bonds to the Boston stockholders. The dividend to the Boston stockholders in 1925, 1926, 1927, 1928, 1929, 1930, and 1931 was \$1.00, \$1.00, \$1.00, \$1.00, \$1.00, \$1.00, and \$1.00.

The Race That Is Eternal---Old Time the Umpire

PRAISES EDITORIAL.
 Editor BOSTON AMERICAN:
 Allow me to express to you my heartiest thanks for your editorial, "Christmas Day To-morrow." For over twenty-five years I have been wondering how it is possible to misrepresent the history of the crucifixion to over 450,000,000 Christians. Your article is the first one to divulge the truth to such a multitude as your readers. Keep up your good work and let the day of Christmas become a day of friendship and brotherly love to all nations in this country and elsewhere.

OUR BEST SIDE

Written for the Boston American
By Dr. C. H. Parkhurst
Copyright, 1906, by American Journal-Frame Co.

FROM Christmas to New Year we all of us show our best side. It is something to say of people that they have a best

It is good to feel like Christians or week in the year, even if the remainder fall back into some of our original brotherhood. The publicity that is given to standard instances of depravity leaves the impression that that is the prevailing condition.

Which the saint and the sinner are

We give ourselves credit for more than we deserve, and other people not so much credit as they deserve. We keep our own virtues on the top and so imagine that we are virtuous all the way through, and the virtues of other people on top and so imagine that they are virtuous all the way through.

But in these beautiful and generous days of the year we have a kindly and indulgent feeling towards all who are struggling, that we cannot carry this goal any year through. The doctrinal belief in former times was that the only way to achieve it was to shed. It is doubtful if, even in those times, any man thought in exactly that

may about himself; ministers preached the doctrine and had full confidence that their congregations would live up to the preaching.

Total depravity is not taught now. We have ceased to think that because there is sin in the sky and blackness on the earth, therefore the sun is gone out, and all the business absorbed from the atmosphere.

There is a great deal of sin in the world, but people from Christmas to New Year. Further on into January we may drop to a lower
